CAREER OBJECTIVE

Aspiring Full-Stack Developer with strong foundations in backend systems and modern web technologies. Experienced in building scalable applications using Flask, FastAPI, and AI-driven solutions. Seeking opportunities to develop impactful software systems and intelligent applications in dynamic tech environments while contributing to scalable systems with strong interest in transitioning into AI/ML development roles.

TECHNICAL SKILLS

- Languages: C, Python, JavaScript
- Frontend: HTML5, CSS3, JavaScript, React.js, Responsive Web Design
- Backend: Flask, FastAPI, REST APIs
- Databases: SQLite3, Supabase
- AI/ML Tools: Ollama (Local Model Deployment), Codex, OpenAI APIs, Gemini CLI
- Systems: Linux/Unix Administration, SSH Tunneling, Port Forwarding, Domain Configuration
- Deployment: Vercel, Render, Firebase
- Other Tools: Git, GitHub, Visual Studio Code, cURL, LLDB, PDB, Antigravity

PROJECTS

Study-Viz – Interactive Educational Visualizer | 2025

Tech Stack: Flutter, Dart, FastAPI, Python | github.com/DileepTekkali/Interactive-visualizer

- Developed an interactive web application for visualizing mathematical and scientific concepts through dynamic simulations, calculators, and educational tools for students from Class 6 to 12.
- Built comprehensive modules including Mathematics, Physics, and Chemistry concepts.
- Implemented real-time parameter adjustments with sliders, animated simulations, and interactive charts.
- Created optional FastAPI backend for enhanced functionality.

VaidyaDrishti – AI Medical Prescription Analyzer | 2026

Tech Stack: React, Vite, Groq API, Llama 4 Scout Vision | github.com/DileepTekkali/vaidhyadrishti

- Developed medical prescription analysis platform using vision-based AI for OCR and digitization.
- Built responsive UI and privacy-focused architecture.

MudraDesk – Invoice & Quotation Management System | 2025

Tech Stack: Flask, Python, Supabase, PostgreSQL, Vercel | github.com/DileepTekkali/MudraDesk

- Built full-stack invoice and quotation generation platform.
- Implemented authentication and RESTful APIs.
- Created dynamic PDF generation system.

EDUCATION

Bachelor of Technology in Civil Engineering | 2021 – 2025

SRKR Engineering College, Bhimavaram

CGPA: 6.54/10

Intermediate

| 2019 – 2021

Sri Vani Junior College

CGPA: 7.7/10

SSC

| 2018 – 2019

Aditya Vidyaniketan E.M. School

CGPA: 9.5/10

ACHIEVEMENTS

- Participated in Buildathon program conducted at RTIH Vizag

KEY STRENGTHS

- Strong analytical thinking and problem-solving
- Linux/Unix command-line expertise
- Time management and teamwork
